Experiences

East Georgia State College | Student Worker | IT Assistant

August 2016 – May 2017

Performed various IT-related duties around the college, including providing technical support, overseeing a computer study lab, and working with co-workers in auditorium control room for events.

Lewis Color, Inc. | Paid internship | Web Developer

April – July 2016

Independently performed all development, management, and maintenance aspects of the CarDoozy program (CarDoozy.com), a PHP-based e-commerce site targeted towards car dealers to provide state-required printed forms and commonly used dealer products. Also included creating a single page promotional website.

East Main Church of God | College capstone | Website Development

August – December 2015

Designed, developed, and documented a WordPress-powered website from the ground-up for the East Main Street Church of God. Mock-ups were created in Photoshop, design implemented using SCSS, and custom functionality developed with JavaScript and PHP.

South GA Church of God Youth Camp | Volunteer | Media Crew

June – July 2015, June – July, 2016

Responsible for coordinating with the other members to capture footage of the day's activities for compilation into an evening review video. Managed a live-stream camera, following a director's commands.
